

4-out-of-5 Marylanders agree: **WE WANT CHOICE.**

According to a recent poll, nearly 80 percent of Maryland consumers want the freedom to choose their electricity providers in a competitive market. The message is clear:

- ✓ **Marylanders want plans that fit our family budgets;**
- ✓ **Marylanders want more dependable choices;**
- ✓ **Marylanders want more green energy products.**

Competition delivers the best services and most innovative products for consumers.

Monopolies result in a cookie cutter, one-size-fits-all energy plan.

We shop competitively for everything from groceries to cars, but most Marylanders are forced to do business with their local utilities.

IT MAKES NO SENSE.

"Marylanders want true competition, where consumers can choose their own energy providers and select renewable energy sources. Consumers want the ability to choose the best provider without barriers."

- Patrick Gonzales, President of Gonzales Research and Media Services.

"The tenets of competition stimulate innovation, transparency and superior products. They protect consumers from inflated costs, disreputable business practices, and indifferent customer service."

- Clayton Mitchell; Former Chairman, Maryland Board of Appeals

Contact your legislators and ask them to **END** the monopoly and **SUPPORT** energy competition and choice.
